Solutions tailored to your budget

SAM.GOV ELIGIBLE
Ready for federal contracting

SMALL BUSINESS
Set-aside qualified

U.S. INCORPORATED
Delaware Corporation

Project experience includes internal systems, prototype deployments, and client-ready solutions.

CORE COMPETENCIES

AI AUTOMATION & WORKFLOW OPTIMIZATION

- End-to-end automation of repetitive processes
- AI-powered document classification and processing
- Chatbots for customer support and internal operations
- Workflow automation using Zapier, n8n, and API integrations

DATA PROCESSING & DATA SYSTEMS

- High-volume data entry, cleaning, and normalization
- Data deduplication and structuring
- Automated reporting pipelines
- Database organization and optimization

DOCUMENT & RECORDS MANAGEMENT

- Large-scale document classification
- Searchable indexing systems
- Compliance-ready file structures
- Digital transformation of paper-based workflows

IT SUPPORT & DIGITAL OPERATIONS

- Remote technical support
- System maintenance and troubleshooting
- Digital infrastructure support for small and mid-sized organizations

AI AUTOMATION SYSTEMS

- AI model integration (OpenAI API, etc.)
- Data labeling and enrichment workflows
- Intelligent automation with minimal infrastructure

TOOLS & TECHNOLOGIES

Python

OpenAI API

Zapier

n8n
